Tech Tip:

Aruba Move: It's Time to make a new Move.

The LAN as we know it no longer exists. Wi-Fi-enabled mobile devices are on track to outnumber desktops, and enterprise networks are moving rapidly from wired to wireless as the way to connect.

What's New at Comm Solutions?

Comm Solutions is Named to CRN's Tech Elite 250 list

CRN Editors worked with solution providers and outside experts to define the most important technical certifications in the market today. By mapping certifications against the key technology opportunities as defined by CRN's State of the Market, and Midmarket study, the Tech Elite 250 recognizes the VARs most committed to helping customers innovate while reducing costs.
